

Growth in international markets

07th of March 2025 - ANY Security Printing Company's net revenue for the year 2024 is HUF 70.5 billion, representing a 27% increase compared to the previous year.

Among the strategic products, the revenue from card production and personalization increased by 50% compared to 2023, while the sales of security products and solutions grew by 25%. The export revenue increased by HUF 10 billion to HUF 39,5 billion, this represents 56% percent of the total revenue. The most important export market remained Africa last year too, but ANY's products also found buyers in 20 countries across Europe. The Security Printing Company's innovative products were also successful in Asian and South American countries. The Group's EBITDA amounted to HUF 13 billion 245 million with a consolidated operating profit of HUF 10 billion 829 million. The earnings per share reached a new record high, amounting to HUF 552.

„The Group's growth has continued, with exports being a key driver. The passports and related parts supplied by ANY are the main drivers of this growth. In addition to the outstanding expertise of our employees, our new state-of-the-art investments also ensure the high quality of these products. We produce travel documents using the most advanced technology, incorporating security solutions that have earned recognition and orders for the Printing Company. The Board of Directors has also decided on further developments and investments. At the same time, the majority of the profits may be allocated to our shareholders, and we propose to the General Meeting that the dividend be HUF 450.” - added Gábor Zsámboki, CEO of ANY Security Printing Company PLC, to the 2024 report.
